wild card: copper

Immune to reason

! LOSE YOUR SHIT: Deal six damage directly to Articus O'Sullivan. This damage cannot be healed with Articus's healing skill and does not count as magical damage. After losing his shit, remove Darren Fagles from the game.

"I want to know what hit me!"

Magic Sausages

magic item: sausage

When Magic Sausage comes into play, you may search your deck for Coyote and put him in your hand. If you do so, shuffle your deck afterward. Oberon gets +1/+1 until the end of turn.

<Do you think she has a magic sausage for me?>

"How would you know the difference if she did? You think all sausages are magic."

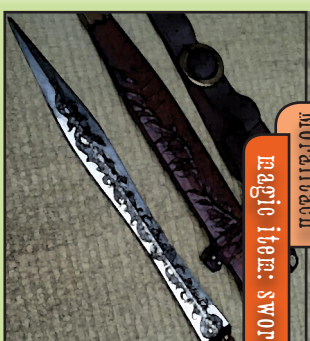

Laksha's Necklace

magic item: focus

Unique Item

When Laksha's necklace comes into play, attach it to a minion (non-god) of your choice. That minion's spells cost 1 less while the minion remains in play. When the minion is destroyed, Laksha's Necklace is removed from the game.

"That particular necklace is a magical focus, crafted by a demon. It amplifies my powers."

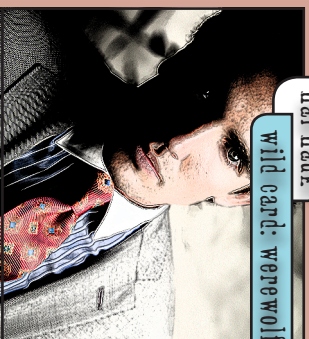

Morallach

magic item: sword

Unique Item

When Morallach comes into play, attach it to a minion (non-god) of your choice. That minion's attack, regardless of damage dealt, resolves in death for the blocker. This includes gods. Morallach does no damage against opponents with long reach.

"Morallach had an interesting power: Its first blow was supposed to also be the coup de grace."

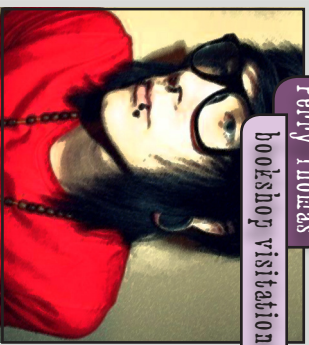

Hal Hawk

wild card: werewolf

Skill: If Hal Hawk is blocked by any witch, including Malina or Laksha, Hal may take off her head and remove her from the game, disregarding all defensive bonuses the witch may have. If he is blocked by two or more witches, Hal determines which witch dies before he takes his damage. Hal still takes his damage from all blocking witches and may die himself, but one witch is toast, unless she has Oooh, Shiny! on.

"What I need you to do is go after Emily and bring me her head."

Perry Thomas

boeshop visitation

When Perry Thomas comes into play, you may search your deck for any card and put it into your hand. Reshuffle your deck afterward.

"Hob, shh, boss! Did that big fucking bird do all of this?"

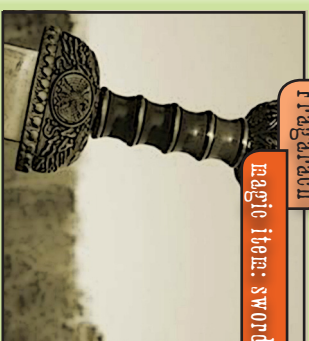

Dr. Snorri Jodursson

hospital visitation

When Dr. Snorri Jodursson comes into play, heal all friendly minions and your god up to full strength. He can even heal vampires. He's that good.

"His sharp nose and chiseled jaw made him look like a thunder god, though considering his pack's antipathy for Thor, that wasn't a compliment I'd think of paying him aloud. He had his blond hair cropped fairly close along the sides, but it was tousled and teased on the top after the fashion of frat boy douche bags—and I wasn't going to tell him that either."

Fragarach

magic item: sword

Unique Item

When Fragarach comes into play, attach it to a minion of your choice. The minion gains the following skills until destroyed:

THE ANSWERER: Once only, look through your opponent's deck and remove any one card from the game.
I LAUGH AT YOUR SILLY ARMOR: Your minion's attacks ignore all armor and defensive bonuses.
